**MEMORANDUM**

**TO:** NCCU Students

**FROM:** Dr. Jerome Goodwin  
University Registrar

**DATE:** May 7, 2017

**SUBJECT:** **Implementation of Eagle DegreeWorks**

---

Dear Students,

I am very pleased to inform you that NCCU has successfully implemented *Eagle DegreeWorks*. DegreeWorks is a web-based tool that is used to assist students in keeping on target with what courses are needed to complete a degree program. DegreeWorks has been widely used by colleges and universities as a tool for academic advising and degree audits. Please know that the aforementioned tool is not intended to take the place of an academic advisor.

As you become familiar with DegreeWorks, you will discover that there are user-friendly features that allow you to review degree program requirements that have been completed and not completed. Additionally, courses currently enrolled in are also displayed and grouped into sections to which the user is able to examine. Another feature in DegreeWorks is the *What-If Audit* functionality that allows you to see the impact on graduation should you have interest in a change of major or add a minor. The GPA Calculator in DegreeWorks is a handy tool that allows you to calculate GPAs on different grade outcome scenarios.

Please do not hesitate to use DegreeWorks as this tool will help you in your progress towards graduation. Should you have any questions regarding DegreeWorks, please check with your Academic advisor or the Registrar's Office at your convenience. Once again I would like to emphasize that DegreeWorks should not be a replacement for your advisor. Please continue to meet with your advisor regularly or as needed.

I hope that you will enjoy using *Eagle DegreeWorks* as you pursue your academic endeavors.

Best regards!
