

VMware Horizon HTML Access

Using VMware Horizon HTML Access Web client, you can connect to remote desktops without having to install any software on your client system.

Step 1

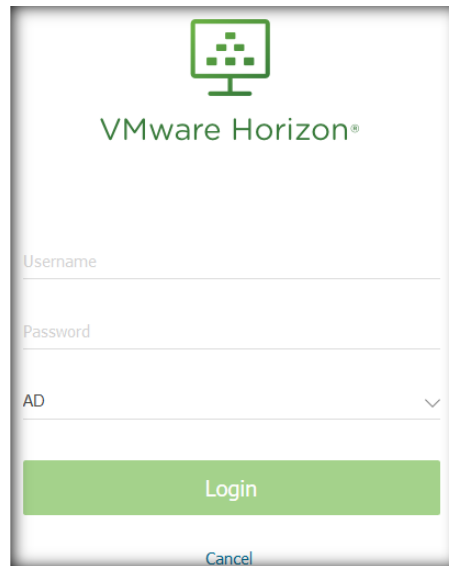

Navigate to the VMware Horizon page at <https://eagleapps.nccu.edu>.

Select the icon for **VMware Horizon HTML Access**.

Step 2

Login with your campus **username and password**

The image shows the VMware Horizon login interface. At the top, there is a green icon of a computer monitor with a grid of dots inside, and the text "VMware Horizon®" below it. Below the logo, there are three input fields: "Username", "Password", and "AD". The "AD" field has a dropdown arrow on the right. At the bottom, there is a large green "Login" button and a smaller blue "Cancel" link below it.

The home screen will open displaying all of your available applications. Double-click an application to open it.
